Subject: Temporary Restrictions on National Network Route US 17 in Bertie County

Dear Gentlemen:

This is to notify you of temporary restrictions being placed on National Network route US 17 in Bertie County (in the Town of Windsor) based on clearance deficiencies related to construction activities. The construction is a result of bridge 070014 over the Cashie River being replaced under federal aid project BRNHS-0017(35) (North Carolina project number B-4434) and, due to traffic channelization through the construction zone, trucks are unable to navigate turns at the intersection of US 17 and NC 308 at the bridge site. This temporary restriction will be effective until construction has been completed, and the project has an estimated completion date of May 15, 2011. Through trucks will be directed to use the newly constructed US 17 Bypass north and west of Windsor in order to avoid the work zone. All other trucks needing to make local deliveries in and near Windsor will be notified of the restrictions with signs prior to entering the restricted area. This notification is in compliance with general statute 20-151.1(b). If you have any questions or need additional information, please contact me at 919-773-2800.

Sincerely,

  
J. Kevin Lacy, P.E.
